TO THE PRESS AND THE PUBLIC

Under the heading "57 livelihood facilities will be established" in the news reports of the "SEECO Project Call for Supporting Social Procurement," it is stated that "approximately 500 entrepreneurs will be given a grant of 5, 10, and 15 Million Euros for the purchase of machinery and equipment." Inadvertently, the sentence contained the phrase "5, 10 and 15 million Euros," but it should have follow "**5, 10 and 15 thousand Euros.**"

Thank you for your understanding.
